

WATCO®

The UK's leading direct supplier of industrial strength flooring products

Firm-Step® GRP Grating

Virtually indestructible, anti-slip, load-bearing grating

Extremely strong

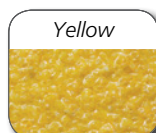

Edge Ramp

For landings, walkways, ramps, production areas, platforms.

- Corrosion resistant and can be used inside or out
- Maintenance free with excellent impact resistance
- Keeps feet and products dry in constantly wet areas
- Use instead of metal or wood to create mezzanine and raised walkway areas
- Can be trimmed to size on site

- Contrasting coloured edge ramp available – easily connects to any size grating
- Made of fire retardent resin certified to BS476 Part 7 (Class 1)

Incredible strength, chemical resistance and anti slip properties make these resin gratings ideal for heavily used areas. Loose lay or fix to provide an instant, corrosion resistant, impact resistant floor. Will flex under point loading but recover to original position.

While great care is taken with the colour samples shown, no guarantee can be given that they represent exactly the colours offered

Watco Firm-Step® GRP Grating

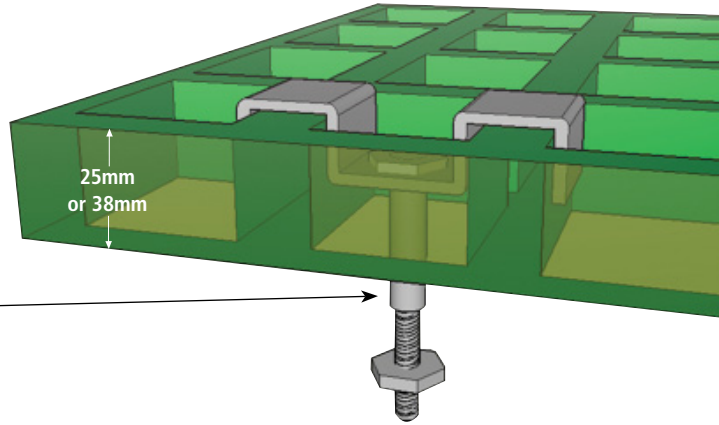

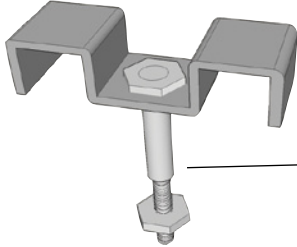

GRP Grating Clips

Grating Clips to add extra support to frames.

Watco Firm-Step® GRP Grating can be loose laid into a metal frame or fixed using the type M, L or C Clips described below.

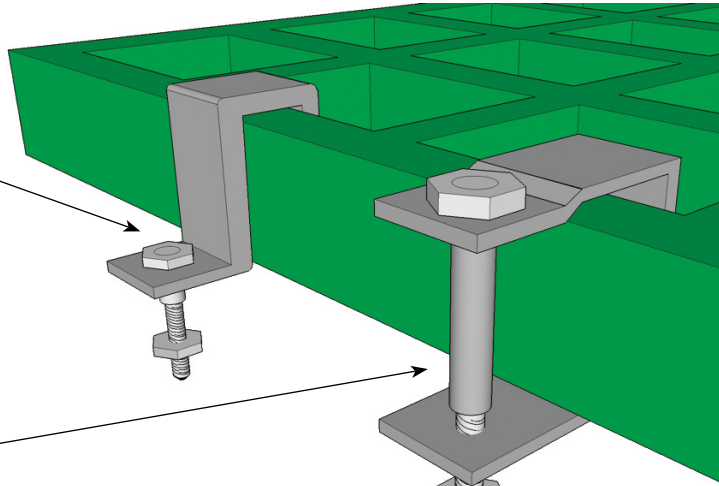

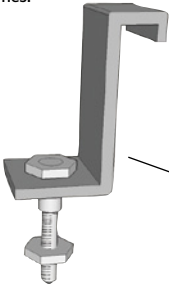

Type M Hold Down Clips

Designed to fix grating on support structure & prevent it from turning in all four directions.

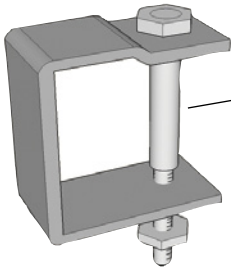

Type L Clips

For use in securing grating to support frames.

Type C Clips

Applied to connect two adjacent grating bars.
